Coloque tampas (W2) também do lado traseiro do painel traseiro (X).

The clone box

9

When all the lamps are strapped to the support, you can lay the floors on the supports.

10

To the white box

A This floor has at the right side beneath a knee where you put the gardenhose. This one goes straight to the waterreservoir on the ground.
At the left site beneath there's a drain wich you lay together with the part that looks like a handlebar at floor **B**.
B This floor has a drain at the right side beneath; this is where you connect the part that looks like a handlebar. Wich you lay at floor **C**.
C This floor has a drain at the left side beneath; this is where .you connect the part that looks like a handlebar. Wich you lay at Floor **D**.
Floor **D** has one drain at the right side . This one goes to the white box were it is connected to the pump that is connected to the gardenhose of floor **A**.

11

Hang the plug sockets at the right side of the clone-box. Use the double sided tape to connect them to the right panel.
